SYNC

OFFLINE SYNC SYSTEM

Work online or offline. Reconnect and synchronize.

Continue creating, updating, and deleting records even when the internet is unavailable. Pending changes stay in your local queue until sync is possible.

QUEUE

Pending Queue

Offline operations are stored locally until connectivity is restored.

SAFE

Safe Sync

Duplicate requests are ignored and sync history is preserved.

LOCK

Secure Access

JWT authentication protects user data and profile actions.

LOCAL

Local Storage

IndexedDB keeps records available inside the browser.

Welcome back

Sign in to manage records and monitor synchronization status.
